

KRVIA Design Dissertation Colloquium

KRVIA Dissertation Colloquium is to encourage students to push the boundaries of the architectural discipline, empower the spatial imagination and enrich the possibilities of environmental practice. It is an opportunity for students to witness and to participate in an intense discussion on values, ethics, intents, speculations and experimentations in architecture.

The Colloquium will be held over two days: The exhibition and Lecture by Panellists will take place on the 21st of June, and the seminar will take place on the 22nd of June. Please join us at KRVIA for the Colloquium.
